

POURING FLUIDS **NEW** JUST GOT EASIER

Oil Buddy™

Fits most 1-Quart/1-Litre bottles

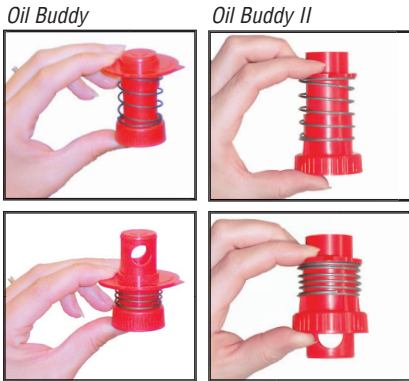

Oil Buddy II™

Fits most 1-Gallon/4-Litre bottles

The First Ever Spring-Loaded On/Off Valve Automatically Opens And Closes The Spout!

No Spills, No Mess!

◀ Closed position prevents fluid from flowing when bottle is held upside-down.

◀ Open position allows fluid to flow when bottle is pushed down.

Oil Buddy No-Spill Spouts

for clean pouring of:

- Motor Oil,
- Transmission Oil,
- Anti Freeze/Coolant,
- Windshield Washer Fluid

Hint:
To speed up flow, squeeze bottle.

PROVEN IMPULSE SELLER

We suggest using Oil Buddy II™ in different colors for different fluids to avoid streaking of the windshield.

Narrow packaging and low price make Oil Buddy™ and Oil Buddy II™ ideal for placement in the Automotive Section and Check-out Counters.

Oil Buddy™ For 1-Quart/1-Litre bottles

COUNTER DISPLAY
Item #900-CTD
24-count for counter or shelf.
